*We're with you,  
every step of the way.*

**The Stock & Noble difference**

Life's one big journey – from your daughter's first pony to your son's first cup-winning race. Stock & Noble are there with you, at every milestone. Beautiful, sophisticated, premium fencing products that last, protect and look great all year round.

**A short word from our CEO**

Stock & Noble would not be the authentic and original company that it is today without all the customers, partners, designers and pioneers that have shaped it's direction since day one.

Moving forward, our vision is clear and the foundations well laid. Our products and services will continue to provide unparalleled quality, protection and durability to a community of horse owners that expect nothing less. Our new tagline, *"Your fencing partners for life – With you, every step"* reflects our clear vision – to help and support our partners and clients, through their own journeys in life.

I'm thoroughly excited for what the future holds, so on behalf of myself and the Stock & Noble team, thank you for being with us, *every step of the way.*

*Unrivalled quality  
& protection.*

Buckley Fence is Stock & Noble's premium fencing range.

Our durable, maintenance-free fence system means less time fixing things, more time with your family and horses.

Buckley Fence products are highly visible and safe posts and rails. Smooth, rounded edges with no fasteners or nails. The rails are as strong as steel, but will flex to cushion your horse upon impact.

- > Premium steel specialised horse fencing
- > Available in textured black or gloss white
- > 1-rail to 5-rail options
- > Lifetime expectancy
- > Unrivalled equine protection
- > Fire and flood proof, easy on the planet

*Sighter wire you simply can't miss.*

**High-quality nylon sighter wire for the border of any property.**

Perfectly suited for all 'sighter wire' applications. It's forgiving and flexible, making it horse-safe and a breeze to install.

Stock & Noble Border Line is a steel-free wire, so it won't cause lacerations like steel or unforgiving wires. Less vet bills, more money in the wallet and a happier horse.

- **Highly visible**
- **Very strong, yet lightweight**
- **Won't peel, crack, sag, fade or peel**
- **UV and hot weather resistant**
- **No special tools needed for straining**
- **Soft and visible, safer for your horses**
- **Available in Black, White and Glow**

**Better, stronger, safer boundaries.  
The Stock & Noble difference.**

# Border Line

The perfect top line for a highly visible boundary.

# EquiRope

Tensionable, pure copper electric fence rope – no nonsense.

*You can't miss this electric fence.*

**Tensionable, highly visible barrier to horses. Pure copper conductivity.**

Designed specifically with horses in mind, EquiRope is a high quality 6mm UV stable electric rope that is designed to be highly tensioned minimising the chance of torqueting and degloving.

8 pure coated copper conductors maintain excellent conductivity over long distances at all times. Easy to install by hand, it's great as an immediate solution with the added quality to ensure it can last permanently.

- > Fits all standard insulators
- > Quick & easy hand installation
- > Highly visible
- > Standard and bold sizes
- > Black and White options
- > Pure threaded copper for high conductivity

**Good lookin' fences that last and protect. We're with you, every step.**
